Course Information

Animal Care & Dog Psychology Pathway

OVERVIEW

Turn what you love into what you do with our dog psychology 101

Take your passion out for a walk with the Animal Care and Dog Psychology Pathway. Choose one of our animal care training courses to learn basic dog training principles, how trainers approach a working dog, what controls a dog's movements – and some fundamental principles of dog obedience training.

These animal care and behaviour courses cover canine psychology, communication, senses and behavioural disorders and include a section on starting your own canine care business utilising intelligent financial management.

Study dog psychology today to turn what you love into how you live.

- Understand the scope & nature of canine psychology
- Increase your knowledge on canine psychology & obedience techniques
- Learn to prepare a business plan for your canine care business
