Course Information

Dog Psychology, Behaviour & Training

OVERVIEW

Understand dog psychology & teach your dog good habits that will last a lifetime

If dog psychology and training fascinate you, this online practical course will provide you with a framework of understanding that will enhance your career prospects, allow you to upskill as a current canine careerist – or simply bring you more understanding around what motivates your own dog. Dog psychology and training includes a detailed look into canine behaviour and training techniques, a section on training working dogs around conditioned stimulus-response, and insights into behaviours common to wolves and dogs. Enrol today to learn what makes your best friend tick.

- Understand factors that may result in aggressive canine behaviour
- Describe steps towards preventing parasites in dogs
- Discover more about dogs towards a career in canine care
- Take a step towards becoming a specialised dog trainer
