

Life Coaching Pathway

OVERVIEW

You found your pathway; now it's time to motivate others

The Career Academy life coaching program is designed to lead you through some fundamental concepts around problem-solving and highlights counselling & psychology tools that practitioners might use to help people who are looking to move through tricky moments. This life coach training pathway includes modules which touch on telephone counselling, focusing on the present, and techniques that could be useful to implement when depression, grief or aggression have become obstacles to growth or motivation. Enrol to learn to be a life coach and gain insights into human behaviour.

- Learn techniques for navigating change
- Understand the concerns that a Psychologist might address
- Gain an accredited certificate to add to your CV
- Pursue a career as a Life Coach or start your own Life Coaching Business
